ABOUT OUR COMPANY

GEM (Global Equipment & Manufacturing) is a global leader, supplying packaged commercial and industrial equipment. Our worldwide client base includes end users, manufacturers, distributors, EPCs, and general & sub-contractors with interests in all levels of public, private, civilian, military and government market segments.

Industry
Innovators

100+ Projects
Completed

Since
2008

WHAT WE CAN DO

Our product lines and custom fabricated containers cover a number of industries and applications and include the following:

- **Standard & Custom ISO Containers**
- **Trailers, Dry Vans, Reefers**
- **Fabricated Housings To Enclose Work & Personnel Processes**
- **Containerized Battery Energy Storage Systems (BESS)**
- **Electrical Power Generators**
- **Water Treatment Systems**
- **Power Distribution Equipment**

A GLOBAL FOOTPRINT

Our worldwide client base includes end users, manufacturers, EPCs, distributors, and general/subcontractors with interests in all levels of public, private, civilian, military and government market segments.

AROUND THE WORLD

PROJECTS ON SEVERAL CONTINENTS

15+ YEARS

OF INDUSTRY EXCELLENCE

A STRATEGIC NETWORK

GEM is both strategically and operationally aligned with partners to provide services and custom products that are unmatched in quality.

This network allows us to offer a diverse product range that is sure to fit your needs, budget, and expectations!

POWER GENERATION

GEM's product lines include standard and ISO containers and trailers. This equipment provides a platform for customizable housings for enclosing Power Generation processes.

- Genset Packaging
- Equipment Reconditioning
- Engine/Generator Controls
- Power Distribution
- Genset Load Testing

ENERGY STORAGE

End-users of electrical energy are considering battery energy storage system technology that combats transmission & distribution infrastructure issues for utilities, independent power producers, and battery OEMs.

BESS Solutions

- Racking
- DC Combiners
- AC/DC Cabling
- Battery Management Systems
- Environmental Controls & HVAC
- Fire Detection & Suppression
- DCxAC Inverter Technology

POWER DISTRIBUTION

Climate controlled power equipment centers are manufactured in a wide range of configurations. Equipment can be installed in our custom built enclosures, shipping containers or semi trailers.

- Purpose-Built Housing
- Custom Paint Colors & Branding
- HVAC & Climate Control
- Fire Suppression
- Available 150 mph Wind Load Rating
- NEMA 4 Rated

WATER TREATMENT

GEM's engineers, designs and fabricates ISO containerized systems for virtually and mobile water treatment solution.

- Reverse Osmosis
- Desalination
- Atmospheric Water Generation
- Process Integration
- Electrical Install for Hazardous Environments
- Multiple Flooring & Interior Finish Options
- Build for Class 1 DIV2

SECURITY TURNSTILES

Security is a common concern for businesses, property owners, event promoters, and municipal and government entities. To meet these needs with a modular footprint, GEM builds portable turnstile products for any industrial or commercial requirements.

- Wired for CAT6 Ethernet Data
- House Power/Load Center
- Standard Emergency Lighting
- Power Receptacles
- HVAC/Climate Controlled
- Steel Security Doors

PACKAGED
SECURITY
SOLUTIONS

MOBILE LABS

Our C1D1 mobile or permanent installation labs are built from high-cube shipping containers and designed to be full-featured laboratory environments per requirements.

- **Secure**
- **Built With Safety In Mind**
- **Sturdy Workbenches**
- **Integrated Shelving**
- **HVAC & Climate Controls**
- **Electrical Distribution Packages**

RETAIL SOLUTIONS

Designing and engineering retail point of service solutions is a **GEM** specialty. These products are custom built to fit the requirements of each project and customer. The solutions can be built as permanent installations or made for portability.

- Pop-Up Stores
- Concession Stands
- Kitchen & Food Service
- Portable Retail Outlets
